TAKING STANDARD OFFER SUPPLY**

On May 6, 2016, Delmarva Power & Light Company ("Delmarva" or the "Company") filed with the Delaware Public Service Commission (the "Commission") an application to make changes to its Electric Tariff related to its Renewable Energy Portfolio Standards compliance charge rate ("RPS Charge Rate") and credit rate ("RPS Credit Rate") for both fixed price SO5 and hourly price (i.e. SO5 and returning customer) services.

According to the Company's calculations, the RPS Charge Rate will be \$0.004088, or an increase of 4%. The RPS Credit Rate will be \$0.000000, which would apply only to the Delivery Service Charges for those customers who entered into an energy supply contract with an Electric Supplier prior to March 1, 2012, and whose contract included the cost of RPS compliance. All of those contracts have expired as of June 1, 2016.

On May 17, 2016, in PSC Order No. 8888, the Commission allowed the proposed rates and tariff changes to go into effect, with usage on or after June 1, 2016, on a temporary basis, but subject to refund with interest if the Commission later determines in a final order that such rates and charges are incorrect, unjust, or unreasonable or otherwise violate Delaware law or otherwise violate Delaware law.

If you wish to file written comments or objections you must do so on or before July 29, 2016. If you want to formally participate as a party in this matter, with the right to present evidence and be represented by counsel, you must file with the Commission a written petition asking for leave to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (26 Del.
